Firmware Download

🚀 Download the latest version of the firmware

🍒 Download the latest version of firmware and source code for Xiaozhi AI Terminal v2.0.5

🚀 Download v1.9.4 Xiaozhi AI Terminal Version Firmware

🚀 Download the latest version firmware of v1.8.8 Xiaozhi AI Terminal

🚀 Download Firmware for Version v1.7.6 of Xiaozhi AI Terminal

DIY Tutorial

Breadboard ESP32-S3

1. DIY Hardware List and Wiring Tutorial for Xiaozhi AI Chatbot Breadboard
   - 1.1 DIY Breadboard WIFI-LCD Color Screen Wiring for Xiaozhi AI Chatbot
   - 1.2 Xiaozhi AI Breadboard with Camera Wiring Tutorial
2. Flash Tool/Web-based Firmware Flashing (without IDF Development Environment)
3. Configure device Wi-Fi, register devices, and address signal issues
4. Purchase Instructions for Xiaozhi AI ESP32S3 Development Board + Breadboard DIY Module
5. AI Toy Class Espressif Design Reference and Requirements

Breadboard ESP32-C3

1. ESP32-C3 Xiaozhi AI Terminal Breadboard DIY Hardware Wiring Tutorial

Breadboard ESP32 (non-S3, non-C3)

1. ESP32 Breadboard - Xiaozhi AI Production Instructions

Help Document

1. Xiaozhi AI Voice Replication Console Operation Guide
2. Xiaozhi AI Chatbot Frequently Asked Questions Q&A [Read First]
3. What should I do if I cannot receive the SMS verification code or forget my password?
4. Instructions for Using Xiaozhi Knowledge Base

Compile Tutorial

1. Setting up the ESP IDF 5.3 Development Environment on Windows and Compiling Xiaozhi
2. Operation Guide for Configuration Modification and Other Operations of Xiaozhi AI Terminal Open Source Project (Part 1)
3. Operation Guide for SDK Configuration Modification and Other Operations of Xiaozhi AI Terminal Open Source Project
4. Steps for Wake Word Change and Configuration Operations
5. Operation Guide for the Use of Independent Serial Port Tools
6. Modify the prompt tone P3 files (e.g., power-on broadcast and network configuration broadcast)

MCP Tutorial

1. Instructions for Using MCP Access Point (Internal Testing)
2. Simple Tutorial on Connecting Xiaozhi to Network Query mcp
3. Simple Tutorial and Tools for Xiaozhi AI Integration with MCP
4. xiaozhi-mcphub - Xiaozhi Ecosystem's New Generation MCP Management Platform
5. Simply endow Xiaozhi with MCP capabilities (third-party tools and integration)
6. Xiaozhi connects to the online search MCP (Flash Cat Technology)

Other Development Boards/Products

1. Xmini-C3 Development Board: Mastering the Xiaozhi AI Chatbot
2. 😎SF32LB52-DevKit-Nano Development Board
3. Plugin Version Xiaozhi AI Design Tutorial
4. Xiaozhi AI Terminal Hardware Description and Purchase Link

Hardware Expansion Tutorial

1. Simple Solution for Xiaozhi to Add Custom Wake Words
2. 💪Xiaozhi AI Terminal GPIO Control/Timed Reminder Solution [Simple Tutorial]
3. Simple Tutorial on Connecting Batteries to Xiaozhi AI Breadboard
4. Simple Tutorial on Connecting Sound System or Headphones to Breadboard Xiaozhi

Open Source Hardware Project

Collection of Open-Source Hardware Projects for Xiaozhi AI Chatbot (Part 1)

Communication Protocol

1. Communication Protocol: Websocket Connection
2. Communication Protocol: Emoji Mood Display
3. OTA Interface Documentation

Other/Side Story

*Extra: Transformation of Xiaozhi AI Chat Spaceman Story Machine
